ORDER OF THE ACADEMIC PROCESSION

President, Board of Trustees, and
Administrative Officers
Official Guests
Faculty
Candidates for Advanced Degrees
Class of 2009

SIGNIFICANCE OF THE ACADEMIC COSTUME

The significance of the academic costume is determined especially by the sleeves and hoods.

Doctors wear the round bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or color indicating the degree; the doctor's hood is large. The doctor may choose to wear the gold tassel on the cap.

Masters wear the long, closed sleeve, with a slit near the upper part of the arm; the master's hood is of more moderate size.

Bachelors wear the long or pointed sleeve. The color of the tassel indicates whether the degree is in the field of arts (white), fine arts (brown), music (pink), or science (golden yellow).

HONORARY DOCTORAL DEGREE

DIETER F. UCHTDORF

President Dieter F. Uchtdorf believes there may have been times when those flying high above the United States on a transcontinental flight in a sleek 747 jetliner were surprised when their captain came on the public address system to mention that they were passing over Provo, Utah—home of Brigham Young University, known around the world.

He adds, with his famous smile, that his friendly waves and greetings to BYU and Provo, Utah, have been given both from the air and from the ground—and especially during the time when his twin grandsons, Daniel and Patrick, were preparing for missions at the Provo Missionary Training Center.

In the world of international aviation, that same 747 captain is similarly well known and well regarded as an international leader. The former chief pilot and senior vice president of flight operations for Lufthansa German Airlines held global responsibilities for one of the world's largest airlines. Today the Lufthansa Group operates more than 500 aircraft and employs worldwide over 100,000 people from 146 nationalities, flying to more than 200 destinations around the world. Among other responsibilities, he also chaired the Flight Operations Committee of the International Air Transport Association (IATA) comprising today some 230 airlines—the world's leading passenger and cargo airlines among them—which represents

93 percent of scheduled international air traffic.

President Uchtdorf has long been a man called upon in extraordinary circumstances—some would say a quiet hero.

As summarized by Elder Jeffrey R. Holland in the March 2005 *Ensign*, around Christmas in 1973, then 33-year-old Dieter Uchtdorf received an emergency call from the president of Lufthansa. Five terrorists had hijacked a Lufthansa 737 in Rome. The young Lufthansa chief pilot was ordered to take emergency personnel and follow the hijacked plane wherever the terrorists went. Along the way he was to seek ways to negotiate the release of the plane, its pilots, and its hostages. When this was accomplished, he was to fly the hijacked 737 back to Lufthansa headquarters in Frankfurt, Germany. Fortunately, he was successful in carrying out his assignment.

On another occasion, as told by Elder Holland, some in the German government questioned the religious status of The Church of Jesus Christ of Latter-day Saints. They asked if the Church were a “sect.” A person of impeccable reputation and character was needed to represent the Church in Bonn. The person chosen was Dieter F. Uchtdorf. When he appeared before the government officials reviewing the case, they quickly recognized the reputation, stature, and faith of the person before them. Their conclusion: “If you are a Latter-day Saint, we do not need any more evidence than that. Your church will certainly not be included

on any such list of religions in the future.”

President Dieter F. Uchtdorf now serves as Second Counselor in the First Presidency of The Church of Jesus Christ of Latter-day Saints. He is a vice chair of the Brigham Young University Board of Trustees. A dynamic and spiritual leader, he is also a man of self-deprecating modesty and good humor as well as a beloved husband, father, and grandfather.

Those with whom President Uchtdorf serves marvel along with him at the improbability of a Czechoslovakian-born child of a convert surviving a very challenging, risk-laden life and then being called to serve in the First Presidency. It is a story of hope and courage and dedication to testimony, the Church, and family.

President Uchtdorf was born to Karl Albert and Hildegard Else Opelt Uchtdorf on November 6, 1940, in

Mährisch-Ostrau, Czechoslovakia. More than once the family fled for their lives, leaving behind all earthly possessions except for precious family pictures and family records. In their search for freedom and faith, it was the grandmother who was the first to have contact with the gospel. In October 2004 general conference, then Elder Uchtdorf related how this contact came about:

“After World War II, my grandmother was standing in line for food when an elderly single sister with no family of her own invited her to sacrament meeting in Zwickau, East Germany. My grandmother and my parents accepted the invitation. They went to church, felt the Spirit, were uplifted by the kindness of the members, and were edified by the hymns of the Restoration. My grandmother, my parents, and my three siblings were all baptized. I had to wait two years because I was only six.” The family’s

commitment to the Church became strong and enduring.

In a July 2008 *Ensign* article, Elder Russell M. Nelson said, "President Uchtdorf met his future wife, Harriet Reich, as they attended meetings of the Church's Mutual Improvement Association. Harriet was baptized when she was nearly 13 years of age, along with her mother and her sister, after missionaries knocked on their door and taught them the gospel. Harriet's father had died from cancer just eight months earlier. Her mother and her sister have since passed away."

To appreciative audiences across the Church, President Uchtdorf himself tells the endearing story of meeting his future wife after his family moved into the Frankfurt branch:

"Into this branch . . . came a young widow with her two daughters. The missionaries had found this beautiful family, which included my future wife, Harriet.

"When I saw Harriet for the first time, with her dark brown eyes, I thought, 'These missionaries are really doing a great job!' Even as a teenager I liked Harriet quite a lot. My bold advances, however, showed only marginal success. I tried, for instance, to influence the seating at the sacrament table so I could pass the sacrament to her. This did not impress her very much. On my way to Church activities during the week, I usually rode my nice bicycle and often stopped at their home to ask if Harriet would want to have a ride to church on my bicycle. Harriet always declined. Sometimes, however, her mother was there and would say, 'Harriet will walk, but I will gladly ride with you on your bike to church.' This wasn't really what I was hoping for at the time, but I later realized it is an advantage to be on good terms with the mother of the girl of your dreams!"

President Dieter F. and Sister Harriet Uchtdorf were sealed in the Bern Switzerland Temple. They are the parents of two children and six grandchildren. Their daughter, Antje, married David A. Evans; their son, Guido, married Carolyn Waldner. President Uchtdorf smiles his broadest when

called by the affectionate German term "Opa" by his grandchildren.

Elder Nelson has described how President Uchtdorf's "foundation of faith undergirded confidence in his own ability to achieve. His career started with an education in engineering, followed by six years in the German Air Force." During this time he earned wings with both the German and the American air forces. He won the coveted Commander's Trophy for being the outstanding student pilot in his class. In 1965 Dieter F. Uchtdorf joined Lufthansa German Airlines and four years later achieved the rank of captain. Ultimately he became chief pilot and head of worldwide flight operations for Lufthansa.

President Uchtdorf often draws on his international and professional experiences to illustrate in vivid and memorable ways the gospel of Jesus Christ. For example, he has noted that in a long-range flight there is a "point of no return" where a pilot has no choice but to continue on the present course; President Uchtdorf contrasts this with the Atonement of Jesus Christ, which, he testifies, always provides a "point of safe return." Wherever we may be in life, the Savior teaches how to chart a safe course and how to keep one's bearings. President Uchtdorf's memorable sermons include such themes as "Lift Where You Stand" and "The Infinite Power of Hope"; all of his sermons inspire, instruct, and lift.

When Elder Uchtdorf was called to the Quorum of the Twelve in October 2004, some media representatives hailed him as the "German Apostle." Elder Uchtdorf gently clarified that his sacred call is to represent the Lord to the people, not the other way around. Indeed, President Uchtdorf teaches and testifies of the Lord Jesus Christ to "every nation, kindred, tongue, and people."

For his international leadership in both day-to-day and extraordinary circumstances in profession, community, family, and church, Brigham Young University is pleased to confer upon President Dieter F. Uchtdorf the degree of Doctor of International Leadership, *honoris causa*.

Commencement Speaker

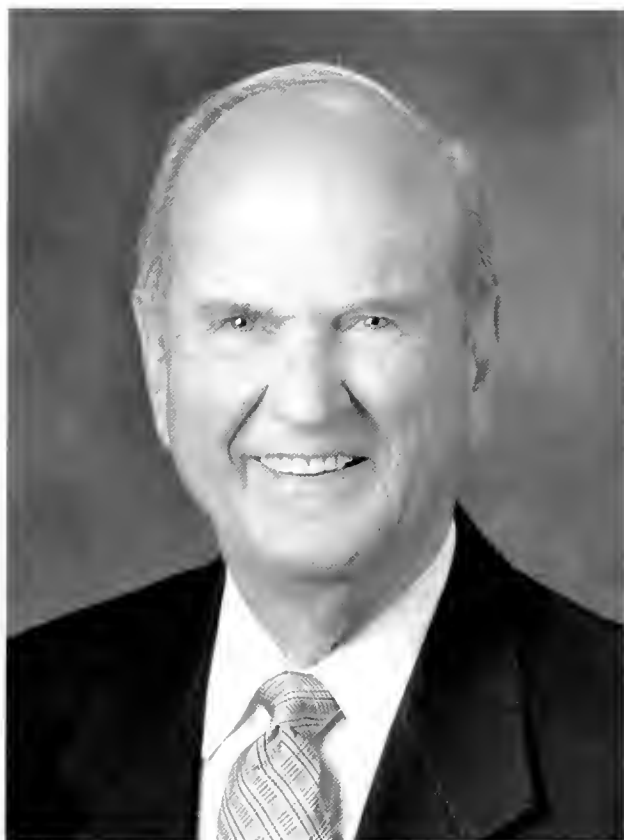

RUSSELL M. NELSON

Elder Russell M. Nelson was called as a member of the Quorum of the Twelve Apostles of The Church of Jesus Christ of Latter-day Saints in April 1984.

An internationally renowned surgeon and medical researcher, Dr. Nelson received his BA and MD degrees from the University of Utah. Honorary scholastic societies include Phi Beta Kappa and Alpha Omega Alpha. He served his residency in surgery at Massachusetts General Hospital in Boston and at the University of Minnesota, where he was awarded his PhD degree. He also received honorary degrees of doctor of science from Brigham Young University, doctor of medical science from Utah State University, and doctor of humane letters from Snow College.

His professional work included the positions of research professor of surgery and director of the Thoracic Surgery Residency at the University of Utah and chairman of the Division of Thoracic Surgery at LDS Hospital in Salt Lake City.

Author of numerous publications and chapters in medical textbooks, Elder Nelson lectured and visited professionally throughout the United States and in many other nations prior to his call as a General Authority. A host of awards and honors have come to him, including the Distinguished Alumni Award, University of Utah; the Heart of Gold Award from the American Heart Association; a citation for International Service from the American Heart Association; and the Golden Plate Award, presented by the American Academy of Achievement. He has been awarded honorary professorships from three universities in the People's Republic of China.

Dr. Nelson has served as president of the Society for Vascular Surgery, a director of the American Board of Thoracic Surgery, chairman of the Council on Cardiovascular Surgery for the American Heart Association, and president of the Utah State Medical Association.

Listed in *Who's Who in the World*, *Who's Who in America*, and *Who's Who in Religion*, he has held numerous positions of responsibility in the Church. He served as stake president of the Bonneville Stake from 1964 to June 1971, when he was called as general president of the Sunday School. Prior to his call to the Quorum of the Twelve, he was serving as a regional representative assigned to the Kearns Utah Region. He had previously served as regional representative for Brigham Young University.

Born September 9, 1924, Elder Nelson is the son of Marion C. and Edna Anderson Nelson. He and his wife, the former Dantzel White, have ten children. Sister Nelson passed away in February 2005. In April 2006 he married Wendy L. Watson.

Candidates for Advanced Degrees
Class of 2009

SIGNIFICANCE OF THE ACADEMIC COSTUME

The significance of the academic costume is determined especially by the sleeves and hoods.

Doctors wear the round bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or color indicating the degree; the doctor's hood is large. The doctor may choose to wear the gold tassel on the cap.

Masters wear the long, closed sleeve, with a slit near the upper part of the arm; the master's hood is of more moderate size.

Bachelors wear the long or pointed sleeve. The color of the tassel indicates whether the degree is in the field of arts (white), fine arts (brown), music (pink), or science (golden yellow).

Commencement Speaker

M. RUSSELL BALLARD

Elder M. Russell Ballard is a member of the Quorum of the Twelve Apostles of The Church of Jesus Christ of Latter-day Saints. He has been serving as an Apostle since October 6, 1985, traveling throughout the earth to instruct Church members and direct day-to-day affairs of the worldwide Church.

He was born in Salt Lake City, Utah, on October 8, 1928, to Melvin R. and Geraldine Smith Ballard. He attended the University of Utah.

As a young man, he served a mission for the Church to England, where he was a counselor in the mission presidency. He has also served as a bishop twice.

In 1974, he was called as president of the Canada Toronto Mission, where he was serving when called to the First Quorum of the Seventy in April 1976. As a member of the Seventy, he supervised and trained leaders in his assigned geographic regions. He later served as a member of the Presidency of the Seventy from February 1980 to October 1985, overseeing the Church's Quorums of the Seventy. Much of his

ministry has been focused on missionary work.

Prior to his call as a full-time Church leader, Elder Ballard had interests in the automotive, real estate, and investment businesses. He has served on many Church and civic committees and boards.

He married Barbara Bowen in the Salt Lake Temple on August 28, 1951. They are the parents of two sons and five daughters.
